

**Q17 Residents in WC3 have shared concerns about the safety of E. Phillips Cir and/or E. Mineral Dr., specifically along the baseball and soccer fields and play ground. Though the board cannot make changes we could share the concerns with the City of Centennial. Please provide feedback on the lighting, posted speed limits, sidewalks, signage, pedestrain crosswalks etc.**

Answered: 203 Skipped: 108

#	RESPONSES	DATE
1	The WC park and parking lot attracts people want to smoke pot.	3/10/2018 3:57 PM
2	No issues yet	3/10/2018 3:45 PM
3	It's fine	3/10/2018 3:36 PM
4	I don't feel more unsafe in this area than any other area.	3/10/2018 3:27 PM
5	No concerns	3/10/2018 3:12 PM
6	Speed on Phillips Cir is horrible. It is residents I think and there are tons of kids. We could help increase WC3 resident awareness	3/10/2018 2:26 PM
7	I'm sure that new residents or residents with small children see an influx of activity in the park during sports seasons. This has always been the case . It seems to me now having a grown child that it is much safer than ever before.	3/10/2018 12:50 PM
8	The parks is way too dark	3/10/2018 12:16 PM
9	Better lighting would be safer. Also I was unsure of speed limits for awhile	3/10/2018 12:06 PM
10	Too may cars 8236 S. Trenton Way (garage)?	3/10/2018 10:58 AM
11	No problem	3/10/2018 10:37 AM
12	Agree. It is frequently a problem. Issue appears to be supervision and small children running across street - mostly spring and fall.	3/9/2018 5:38 PM
13	Lots of kids in the street. May need some signs regarding children playing	3/9/2018 5:19 PM
14	I have seen people run through the stop sign's while i am jogging. people just need to be aware of this. Sometimes it happens.	3/1/2018 9:52 AM
15	There is a lack of lighting along this road at night and often people are speeding along this road.	2/22/2018 10:09 PM
16	People always park illegally along Phillips when kids football is in session. We cannot see to safely drive out of cul de sac and have to make numerous calls to sheriff every year in the fall	2/21/2018 5:52 PM
17	Parking/NO Parking signs along Phillips might be too tall, and sometimes covered by tree branches. Football weekends are the worst with so many teams and back-to-back games that teams are warming up while games are wrapping up so there are twice as many people & cars as planned. South Suburban has been very helpful to mitigate on-street parking problems they are brought to their attention. The stretch on Phillips between Spruce St and the playground is very dangerous due to the curve. Thee is not a lot of time to cross Phillips when cars speed there or when cars are parked on the WC3 side of Phillips. If they park on the Park-side, parents and small kids wouldn't need to worry about crossing the street to get to the playground. Yes - keep in communication with Centennial, South Suburban and Arapahoe County Sheriff.	2/21/2018 12:56 PM
18	the light at mineral and quebec is too long on red and too short on green.	2/19/2018 3:23 PM
19	no suggestions	2/19/2018 2:20 PM
20	I don't have any concerns. I typically walk/run the early morning hours. No issues except dogs not on leash which cannot be controlled by WC Board.	2/19/2018 9:23 AM

21	Speed of cars	2/17/2018 9:41 PM
22	they do a good job	2/17/2018 3:45 PM
23	I have no concern	2/16/2018 1:52 PM
24	Speed bumps / humps to slow people down on mineral.	2/16/2018 1:20 PM
25	Very seldom enter or exit using that location.	2/16/2018 11:13 AM
26	Speed bumps are needed! those roads are like raceways for several residences, endangering folks on foot or bikes	2/16/2018 10:10 AM
27	I don't think there's anything wrong with the safety there. People just have to use common sense when driving there. If you see a line of parked cars that limits your visibility of a sidewalk or crosswalk then slow down and prepare for a sudden stop	2/16/2018 10:08 AM
28	Make the pedestrians yield to cars instead of cars yielding to pedestrians, reverse the walk lane at the bottom of hill. The way it is now someone's going to get ran over or rear ended!	2/16/2018 9:45 AM
29	make more crosswalk & flashing speed limit sign	2/16/2018 9:41 AM
30	Some of the problems with safety are plainly people's behavior.	2/16/2018 9:33 AM
31	No comment	2/16/2018 8:05 AM
32	NA	2/15/2018 10:53 PM
33	Need more auto speed enforcement and "Children at Play" signs at playground area.	2/15/2018 6:06 PM
34	I've not noticed issues	2/15/2018 5:48 PM
35	All of the above.	2/15/2018 4:34 PM
36	More lighting	2/15/2018 4:17 PM
37	Need enforcement of the speed limits - and no parking areas	2/15/2018 11:36 AM
38	Can you have signs put up regarding "caution children playing"	2/12/2018 4:50 PM
39	The intersection of E Mineral and S Quince/E Phillips is dangerous. When coming out of S Quince the visibility is nil in both directions thus making it dangerous when turning both directions (R or L). A stop sign or other signage noting a blind intersection would be helpful.	2/12/2018 11:22 AM
40	Would like to see the sidewalks around the park cleared of snow more effectively.	2/12/2018 8:52 AM
41	Board should have a stronger working relationship, which appears to be non-existent, w/City of Centennial, Arapahoe Sheriff Office and South Suburban Parks	2/11/2018 9:26 AM
42	No concerns	2/9/2018 9:23 PM
43	x	2/8/2018 8:20 PM
44	The lighting is awful - late night arrivals can be scary at times.	2/8/2018 2:57 PM
45	NA	2/8/2018 12:34 PM
46	N/A	2/8/2018 12:03 PM
47	Pay attention	2/7/2018 11:27 AM
48	People definitely drive too fast.	2/7/2018 12:03 AM
49	We feel that parking should not be allowed along Phillips Circle near Willow Creek Park within 40 feet from each intersection (especially the south end of the park). When there are several athletic events at the park, the parking lot fills up, and spectators park near each corner and it is extremely difficult to see if cars are coming down Phillips Circle. It is then difficult to pull out onto Phillips Circle from Spruce Circle, Syracuse and Rosemary without having an accident.	2/6/2018 11:32 PM
50	Need some electronic speed register signs.	2/6/2018 8:55 PM
51	Speed limits need to be enforced during peak traffic times.	2/6/2018 5:53 PM
52	I do have concerns. I think it'd be great if we had one of those crossing lights at E Long Ave at the edge of the park, at least. I live at that end of the HOA, so that's where I notice the most issues.	2/6/2018 5:41 PM
53	Seems fine to me	2/6/2018 2:24 PM

54	I live on E. Philips Circle and the lighting is awful!! It is sooooooo dark. It'd be a real upgrade to have good lighting and.....shall I say.....SAFER!	2/6/2018 12:12 PM
55	Pedestrian crosswalks and speed bumps would help	2/6/2018 7:54 AM
56	Seems fine. Speed limits don't need to be lowered, speeders won't slow down anyway and the rest of us will have to drive slower all the time	2/6/2018 1:10 AM
57	The speed limit signs are hard to see on the Philips Circle side of the street.	2/5/2018 10:13 PM
58	I think occasionally having those police speed signs that tell you how fast you are going may be helpful.	2/5/2018 9:54 PM
59	Good	2/5/2018 8:12 PM
60	The posted speed limits etc are adequate. Enforcement is another matter.	2/5/2018 7:40 PM
61	During sports events cars are parked too close to stop signs and corners making it difficult to access Mineral Dr. from side streets.	2/5/2018 3:37 PM
62	I live across the street from the playground and it is scary. It is a blind corner, which usually has illegally parked cars, there is a lack of street lighting, there is no crosswalk, there is no playground signage, etc. Yes this should be a priority of the WC3 BOD to get the city to enforce the parking, add speed deterrents, improve signage, etc. These streets are notorious for speeding drivers who do not pay attention to pedestrians!	2/5/2018 11:57 AM
63	Additional lighting is always helpful. I have young kids who frequent these areas, so any additional signage, lighting, etc to keep my/all kids and adults safe is important.	2/5/2018 11:36 AM
64	Needs to be a crosswalk from one side of Phillips to the park. Lots of traffic on the weekends during games.	2/5/2018 11:08 AM
65	occasional police car driving thru would get folks attention	2/5/2018 9:38 AM
66	I have not felt a particular problem but the white crossing lines and lighting could be better.	2/5/2018 9:28 AM
67	Speed limit needs to be lower and more no parking on Phillips	2/5/2018 8:40 AM
68	More lighting would be good	2/5/2018 8:17 AM
69	No comment	2/5/2018 6:36 AM
70	N/A	2/4/2018 9:15 PM
71	unknown	2/4/2018 6:34 PM
72	More street lights would be nice	2/4/2018 2:54 PM
73	A sidewalk would be great to add! Also, it is the walking path to school for those on the east side of the community. Speeding a great issue. But, I believe people need to be self-controlled on speeding.	2/4/2018 2:21 PM
74	People travel too fast on this road, even at 5:30am. I've had to wait at the crosswalk because no one slows down. Maybe speed bumps would help!	2/4/2018 11:41 AM
75	No comment	2/3/2018 5:59 PM
76	More pedestrian crosswalks, speed bumps	2/3/2018 4:28 PM
77	Speed of vehicles is concerning. Also, during summer months especially when we have swim meets, attendees ignore no parking zones on Phillips Circle close to pool. Realize most of these violators are probably not from WC3. However, Sheriff's Office needs to ticket these vehicles. This disregard of no parking areas also occurs when other park activities are happening - kids football, baseball, etc.	2/3/2018 11:45 AM
78	There is a blind spot on Quince Way when you are exiting it going to make a R or L on to Mineral either L back into the neighborhood or R towards Quebec. It's a curved blind spot & there are trucks/cars parked there occasionally which makes an already hard blind spot to cross even harder. In addition people are either failing to stop at the stop sign on Mineral & Phillips or speeding towards Quince/Quebec & making that cross dangerous. Perhaps an actual flashing red/yellow light sign would deter people & make them a bit more conscious. Definitely feel like the greenbelt areas need more lighting for safety & those are the back of our homes!	2/3/2018 10:50 AM
79	Stop signs and speed limits could use more enforcement	2/3/2018 10:04 AM

80	Not a problem. As long as you are not on your phone when crossing the street. Just like every other street in the metro area some people drive too fast.	2/3/2018 9:42 AM
81	add speed bumps with signs	2/3/2018 9:35 AM
82	none	2/3/2018 8:46 AM
83	Crosswalks need to be more visible to cars. I always feel like cars might not stop for me. Perhaps the crossing signs with flashing lights?	2/3/2018 8:20 AM
84	I do not have concerns with this.	2/3/2018 3:59 AM
85	Please check	2/2/2018 11:32 PM
86	Speeding on E. Phillips Circle and children crossing when there are athletic events. Parents should be requested to use the parking lot.	2/2/2018 11:16 PM
87	Extra caution must be used there, especially during Fall and Summer	2/2/2018 11:03 PM
88	Think sidewalk subtle lighting would be something that would enhance the townhouse area as well as provide more safety for guests.	2/2/2018 10:57 PM
89	n/a	2/2/2018 10:50 PM
90	Speed bumps could be helpful	2/2/2018 10:32 PM
91	No issues.	2/2/2018 10:17 PM
92	People just drive to fast on Phillips Cir	2/2/2018 9:52 PM
93	We live on E Phillips Circle, but the section nearest C.L. Rd. We often have cars racing up and down the street in the middle of the night. Although we dislike speed bumps, we fear for safety in the area.	2/2/2018 6:56 PM
94	na	2/2/2018 6:22 PM
95	I have no problem	2/2/2018 5:53 PM
96	Lighting needs to be improved...too far apart. Speed is an issue when people are parked along the street for games.	2/2/2018 5:39 PM
97	Unsure	2/2/2018 5:38 PM
98	Would like a crosswalk across Phillips to playground for children's safety	2/2/2018 5:37 PM
99	It would be nice to see a crosswalk with flashing signs or even a pedestrian triggered stop light at the crosswalk at Mineral and Long. Maybe a slower speed and speed bumps to slow people down or deter them from cutting through the neighborhood.	2/2/2018 5:35 PM
100	A sign that monitors speed on that street near the park would be beneficial. Too many kids, families, etc. there with sports, etc. going on.	2/2/2018 5:31 PM
101	common to have people parked illegally on the south side of caterpillar park.	2/2/2018 5:28 PM
102	Speed limits should be enforced along all of Phillips Circle and speed signs with flashing lights would be nice. Snow treatment on both sides of the street of Phillips Circle would be good too.	2/2/2018 5:28 PM
103	No opinion	2/2/2018 5:13 PM
104	I haven't experience any special problems.	2/2/2018 5:06 PM
105	Better lighting, slower speeds, additional crosswalks, more police enforcement.	2/2/2018 5:05 PM
106	PI	2/2/2018 5:00 PM
107	Speeding cars and illegal/unsafe parking are my top concerns about the park.	2/2/2018 4:55 PM
108	Many cars go around those trying to turn (ex: onto Roslyn) so that they don't have to stop or slow down. Not sure what can be done about it... but very unsafe.	2/2/2018 4:53 PM
109	The park is regularly over-used -- which brings too many cars and noise the neighborhood	2/2/2018 4:50 PM
110	I have no concerns.	2/2/2018 4:40 PM
111	Nothing at this time	2/2/2018 4:29 PM

112	Too many cars for the scheduled events make driving on East Phillips Circle unsafe. Cars park contrary to no parking signs, park on street corners, etc.	2/2/2018 4:24 PM
113	People speed all the time.	2/2/2018 4:22 PM
114	Where I have issues is pulling out of S. Quince St. onto Mineral going north/east. No visibility and people come flying down the road from both directions. It's also a very dangerous place to cross the street with no crosswalk.	2/2/2018 4:21 PM
115	Drivers ignore speed limit and stop signs, too little appearance of police-they avoid the area during sport season-someone will be seriously injured	2/2/2018 4:00 PM
116	Most harmful traffic stems from nonresidents cutting through on Mineral. One easy solution would be to close the 200-meter stretch of Mineral between the beginning and end of Phillips circle - perhaps this could be turned into extra parking for the park accessible only from the Quebec side.	2/2/2018 3:55 PM
117	How about a blinking light coming down the hill from the stop signs in both directions that measure and display speed. If you are over the posted limit, it flashes big letters to slow down.	2/2/2018 3:46 PM
118	No opinion	2/2/2018 3:42 PM
119	Street lighting. The trees limit the light on sidewalks in places.	2/2/2018 3:36 PM
120	I have not encountered problems. I have not lived in the home for the past year however so if this is a recent concern I am unaware of it.	2/2/2018 3:25 PM
121	Need cross walks	2/2/2018 3:17 PM
122	I think no more traffic controls should be implemented and it is already a headache to navigate the neighborhood. At some of the crosswalks there's always hesitation and confusion when pedestrians are present. Even more traffic controls are not going to affect the few people who will disregard them and speed on residential streets.	2/2/2018 3:15 PM
123	I don't think there is anything to do to make the busy street safer. People just need to watch out for themselves.	2/2/2018 3:12 PM
124	Add more of the above. A good number of people do not live in our area and do not respect it as they should.	2/2/2018 3:12 PM
125	There should be lighted pedestrian crosswalks. Also, too many vehicles park in the area for games and constricts traffic flow and pedestrian crossings.	2/2/2018 3:01 PM
126	Definitely cars going to fast on Phillips near the fields.	2/2/2018 2:52 PM
127	Yes	2/2/2018 2:50 PM
128	Signs	2/2/2018 2:45 PM
129	n/a	2/2/2018 2:45 PM
130	Would be helpful to have a blinking pedestrian light installed at each end of the park on Mineral similar to the one up at Mineral just west of Yosemite.	1/24/2018 3:21 PM
131	Speeding is a major problem in the entire neighborhood on Phillips...the entire circle is very scary for dog walkers and children.	1/24/2018 12:16 PM
132	Weekend traffic control and speeds are a safety concern.	1/24/2018 8:28 AM
133	No comment	1/24/2018 7:49 AM
134	The neighborhood seems very dark. I would like to see more street lights.	1/23/2018 8:01 PM
135	No opinion	1/23/2018 7:18 PM
136	All seem fine to me. You can't fix every little problem, especially where none exist. The world has dangers - learn to cope with them.	1/23/2018 6:13 PM
137	The City is very unresponsive to the speeding issues along Mineral and Phillips Cir.	1/23/2018 6:03 PM
138	no issues	1/23/2018 5:46 PM
139	The pedestrian crossings are completely ignored by drivers. I sure wish there was something we could do.	1/23/2018 5:25 PM
140	need something to' slowdown traffic	1/23/2018 5:12 PM

141	Most of the time these areas are safe just when games are happening it gets crowded and people need to exercise caution.	1/23/2018 5:05 PM
142	Na	1/23/2018 4:56 PM
143	n/a	1/23/2018 4:31 PM
144	Crime rate is larger, no resolution, and no suggestions for improvement. Shopping center with ARC has increased incidents and crime, lowered the quality of people in the neighborhood, brought graffiti and destruction.	1/23/2018 4:31 PM
145	There is not enough off street parking for spectators so families park on the street and jaywalk across Mineral, which is very dangerous. Perhaps parking should only be allowed on the south side of Mineral and the east side of Phillips Circle or an additional parking lot built.	1/23/2018 4:29 PM
146	Cars go way to fast even at 5:30 am! We need speed bumps. Many cars do not stop at the crosswalk and we have to wait until the cars are gone.	1/23/2018 4:20 PM
147	The lighting is a concern in the neighborhood. There isn't enough street lights on Phillips Circle and of the ones that are currently there a lot of them have been burned out for long periods of time. Too many people speed on Mineral.	1/23/2018 4:19 PM
148	Many people going way too fast on Phillips Cir.	1/23/2018 4:17 PM
149	A few more speed signs would be helpful. no speedbumps, there will always be people speeding thru, they need ticketing. maybe more police presence.	1/23/2018 4:14 PM
150	Car speeds within the neighborhood are over the posted speed limit. Cars often do not stop for pedestrians and crosswalks.	1/23/2018 4:09 PM
151	street parking is a big problem during events at the park. The participants or spectators at these events have little consideration for the residents of WC3	1/23/2018 4:08 PM
152	All the trucks parked there make it very dangerous to see oncoming traffic. If we change truck rule to only include work trucks sight lines would be safer. Lighting, posted speed limits, sidewalks, etc. are totally fine.	1/23/2018 4:08 PM
153	Not aware of this issue or concern.	1/23/2018 4:05 PM
154	Too many cars ignore the stop sign.	1/23/2018 3:56 PM
155	There should be a stop sign at S. Quince Way and Mineral -- too much of a blind turn there	1/23/2018 3:50 PM
156	There should be a crosswalk and lowered speed. And more monitoring and enforcing.	1/23/2018 3:43 PM
157	none	1/23/2018 3:37 PM
158	I would like to see better marked crosswalks and we need signage and a marked crosswalk at the playground. There was a crosswalk sign (middle of the street) for a few days which I thought was great but it didn't last long. Why?	1/23/2018 3:07 PM
159	The city also needs to address S Quince Way it is a blind curve you can not see traffic from mineral st eastbound needs to be a warning sign after stop sign that there is a blind drive	1/23/2018 2:47 PM
160	I walk my dog two or three times a day, often along E. Phillips Cir. and E. Mineral Dr. I feel that many people drive too fast on Phillips Cir., which puts pedestrians in danger. Folks who live in the townhomes must often cross Phillips Cir. to access the sidewalk and mailboxes. It can be difficult to see if traffic is coming, with trees or bushes sometimes blocking the view, or oncoming traffic being difficult to distinguish from parked vehicles along the street. One particularly dangerous spot is the curve around the 7600 block. The crosswalk from the shopping center is in a blind spot on this curve, and pedestrians are vulnerable to vehicles driving too fast going into the curve.	1/23/2018 2:44 PM
161	C	1/23/2018 2:37 PM
162	We would appreciate speed bumps where mineral and Phillips intersect. So many cars run those stop signs. Many cars cut through the neighborhood on mineral after work.	1/23/2018 2:34 PM
163	It would be good if the no parking signs were reinforced during the peak park usage times. Perhaps a police presence giving tickets would help.	1/23/2018 2:19 PM
164	I have a few little kids who love to play at the park. People drive pretty fast by the park from time to time. Maybe a little more lighting or a cop to slap a few tickets once a month might be helpful. Keeping our neighborhood safe is a big deal. Thank you for your concern and you willingness to take action.	1/23/2018 2:06 PM

165	I have emailed the city about this numerous times. They have even set up a sped sensor, but they always put it on Syracuse, not further past Mineral, which is when people pick up speeds to about 40-50mph.	1/23/2018 2:03 PM
166	Agreed. To many cars when sports activities happen in our park. Unsafe with kids and parents crossing streets and leaving Car doors open etc.	1/23/2018 2:03 PM
167	Agreed	1/23/2018 1:57 PM
168	Cars go too fast down Mineral and I have seen cars run through the stop signs at the south end of the park. Cars fail to yield at the crosswalk at the north end as well. I wish there was a lighted sign for the crosswalk like they installed towards Yosemite to let people light a sign to get cars attention. There needs to be another crosswalk near the south end of the park, at the 4 way stop sign. Centennial refuses to install one.	1/23/2018 1:57 PM
169	More/improved lighting on the greenbelts would be nice. I've found that people generally drive slowly past the park, and I've never had a concern about that specifically.	1/23/2018 1:54 PM
170	No concerns	1/23/2018 1:53 PM
171	The park is a madhouse on game days; dangerous for the kids. Ask ACS to enforce traffic and safety laws (no parking zones, etc)	1/23/2018 1:49 PM
172	speed limits and signage at the playground and park	1/23/2018 1:45 PM
173	It is hard to see turning onto E. Mineral Dr. when there are neighbors trucks blocking your line of sight. The trucks parking there create a blind spot. Hard to realize until you experience it.	1/23/2018 1:44 PM
174	Stop sign at park to slow traffic whipping around that bend would be helpful	1/23/2018 1:43 PM
175	I personally think it is in fine shape with little speeding or dangerous behavior. I do not have kids but live on E Tamarac and visit the park 1-2 times a day with my dog.	1/23/2018 1:40 PM
176	Need occasional speed enforcement on those streets.	1/23/2018 1:27 PM
177	Lighting is a great idea. I live very close to the park, I have no problems. However, a well light area would be better for all the people who use the park. This can only promote safety and allow for greater use of the open space.	1/23/2018 1:25 PM
178	Need a speed monitor or at the very least a SLOW DOWN sign near the playground area.	1/23/2018 1:21 PM
179	With young kids, I share in the concern about speeding and overall lack of attention vehicles show toward pedestrians in our community. There was a pop up sign placed in the middle of E Phillips one day alerting drivers to the crosswalk, this was a welcome advancement but it disappeared. Anything to slow traffic and eliminate the "cut through" mentality at rush hours would be welcome.	1/23/2018 1:15 PM
180	There should be more lighting near the townhome mailboxes.	1/23/2018 1:13 PM
181	Signage when it is very active.	1/23/2018 1:12 PM
182	Agreed - Drivers are speeding.	1/23/2018 1:08 PM
183	Need more lighting, need to create neighborhood watch, need some speed bumps	1/23/2018 1:04 PM
184	Vehicles speeding on these roads is a problem; a safety issue. Speed bumps would be about the only effective way to control traffic speed. More pedestrian crosswalks, and better signage would be helpful. Near the playground, pedestrian crossings should have middle of the street signage and be raised platforms (speed control) to improve safety for children.	1/23/2018 12:58 PM
185	Speed bumps.	1/23/2018 12:55 PM
186	We need a neighborhood master plan that incorporates transportation improvements and a plan for funding and implementation. Tossing in crosswalks without data/planning (i.e. like the one on Mineral from nowhere to nowhere) is a waste of resources. I'd be happy to help lead this effort. PS this is Amy Wiedeman:-)	1/23/2018 12:54 PM
187	Wish I had good suggestions. The burden is on the parents and adults supervising activities on the fields to "put the fear" in kids about running out between vehicles. And, even then, I know that kids will be (dangerous) kids.	1/23/2018 12:53 PM
188	The whole neighborhood needs to have better lighting along with speed limits and pedestrian crosswalks. Having a new teenage driver and showing them what to do is hard with all the aggressive and people not paying attention in our neighborhood.	1/23/2018 12:51 PM

189	maybe add some speed bumps	1/23/2018 12:49 PM
190	A crosswalk would be helpful	1/23/2018 12:49 PM
191	Illegal parking is our main concern. Cops are indifferent. Someone completely blocked our driveway for about 6 hours. Cops came said he would NOT ticket owner even though we could not get out of driveway. I asked to have the car towed and officer refused. Why? "Department policy to not tow cars because it pisses off owners". His exact words.	1/23/2018 12:48 PM
192	Lighting should be improved	1/23/2018 12:43 PM
193	More lightning would be useful.. and police patrols..I live near pool a know people have been there after hours.. find a way to avoid this.. keep tarp on pool at night??	1/23/2018 12:37 PM
194	Encourage the City of Centennial to enforce the No Parking areas that obstruct drivers views by the park when cars are park there.	1/23/2018 12:34 PM
195	none	1/23/2018 12:33 PM
196	We have no concerns. All of the above appears to be as well managed as one can expect.	1/23/2018 12:31 PM
197	Let law enforcement handle this, tickets and arrests will get around in a hurry	1/23/2018 12:23 PM
198	here too recently to have an opinion	1/23/2018 12:22 PM
199	parking restrictions are not enforced	1/23/2018 12:22 PM
200	People speed by going 50+ miles an hour, it's just a matter of time before something bad happens. Why can't speed bumps be installed. Even at HOA expense? Safety is everything.	1/23/2018 12:22 PM
201	Speed humps/bumps to slow down traffic is much needed.	1/23/2018 12:21 PM
202	Crosswalks with flashing lights to signal cars to stop would be an improvement.	1/23/2018 12:18 PM
203	Decent job in this area.	1/23/2018 12:17 PM
